WHAT CUSTOMERS SAY

“Air is crisper and cleaner, no smell of new construction materials. It just feels more comfortable and the air is fresh and clean.” staff just hours after install during full office remodel.
 Gerry Curatola, DDS.

“There is nothing more important to me in my dental office than being positive my staff, my patients, and myself are being protected from dangerous mercury vapors during amalgam removal.”
 Lori Cardellino, DMD, NMD

“An immediate reduction in VOC’s and within a few hours one could distinguish a clear difference in air quality.”

Jennifer Adair, DMD

Pristine Air systems in 10 rooms

Staff report fewer sick days. Hygienists insist in having it in every room.

Daniel Cobb, DDS
